

# Other seminars

Other seminars take place in the group meetings. You will probably get this information if you are on the mailing list of your group.

In addition, there are early-career-organised informal seminars:

- **Paper discussions** on Wednesdays from 11:30 to 12:30 (currently loosely organised by Eliot Jager, Alexis Lamothe, Luc Beraud): one person presents a paper and the group discusses
- **Career discussions** every first Thursday of the month from 12:00 to 13:00 (currently organised by Clara Burgard): one invited person presents their life and career
